CHECK THE DYE-LOTS!

Always buy enough yarn to complete your garment, and be sure it comes from the same dye-lot. Slight variations between dye-lots are unavoidable. So CHECK dye-lot numbers. It pays.

SUCCESSFUL RESULTS DEPEND ON CORRECT TENSION!

To knit garments you'll be proud of, always make a Tension Test. Correct tension brings out a further benefit of Patons exclusive Patonising process. You'll find your knitteds have maximum resistance to pilling as well as shrinkage. So you're sure of knitteds looking fresh and new through wash after wash.

Tension Test: Before you start knitting, take the yarn and needles specified in the instructions, cast on 20 stitches, work 20 rows in plain smooth fabric. Lightly press work. Check the tension by placing an inch tape across the stitches. Count the exact number of stitches to 2 ins. and compare with the tension given in the instructions. If your tension is too loose, try a size finer needle. If it's too tight, try a size larger needle. If more than one size of needle is recommended in the knitting instructions, and you have altered your needles to correct the tension, corresponding alterations must be made to needles throughout the instructions.

PATONS PRESENT THE GREAT CLASSICS

*In this book, The Raglan Pullover
for Men and Women.*

A classic is what endures — in fashion, a style that outlives the seasons, to become as traditional as time. Today's fad, tomorrow's fancy — these come and go, to keep fashion lively and exciting. But classics go on forever.

Knitwear has many classics. So many that Patons have been inspired to make a special Classic Collection, to be presented in fifteen pattern books known as the Classic Series. They will feature the styles most universally loved, most frequently knitted: for men, women and children. Each book will tell you how to knit one basic style, complete with variations, in different yarns.

So here, to introduce the Classic Series, is the Raglan Pullover for Men and Women, with V, or round neckline, or polo collar, and with instructions for knitting in Patons Jet, Totem, Ariel, Bluebell, Patonyle, or Mohair.

THE Raglan Pullover at its most poised and polished because it is knitted in Bluebell — a pure wool yarn with a springy twist that gives an immaculate finish. Pure joy to knit, Bluebell is Patonised to resist shrinking; to keep its shape. (See page 15).

To obtain the best results we recommend working from two balls of yarn. Work from one ball only when working neckband or collar.

Always knit from the outside of the ball.
